EDUCATION

B.E. CSE (Artificial Intelligence and Machine Learning) CGPA : 8.94
Chennai Institute of Technology, Chennai, Tamil Nadu (2022-2026)

WORK EXPERIENCE

CISCO NETWORKING ACADEMY
Networking Intern (MAY 2024 – JUL 2024)
- Completed Cisco Network Academy's Network Essentials course, gaining hands-on experience in building and managing Ethernet LANs using Cisco Packet Tracer.
- Developed practical skills in Cisco's IOS and industry-standard networking equipment, preparing for advanced roles in network technology.

PRODIGY INFO TECH
Intern on Web Development (NOV 2023 - DEC 2023)
- Built a weather app and various web pages using **HTML, CSS, JavaScript**, and **API** integration.
- Created a tic-tac-toe game and a stopwatch using **JavaScript** and user interaction concepts.

CODSOFT
Intern on UI/UX Design (NOV 2023 - DEC 2023)
- Designed a restaurant menu **prototype** and an e-commerce website in **Figma**, demonstrating **UI/UX design** skills and user-centric approach.
- Gained UI/UX design experience at CodSoft internship, working on various projects such as a mobile app signup flow.

MAPOS IT SERVICES PVT. LTD.
Intern on Web Development (MAY 2023 – JUN 2023)
- Mastered **HTML**, **Pandas**, and **CSV file processing** through web development projects, displaying strong fundamentals and data skills.
- Learned application **wireframing** and managed project tasks using industry-standard tools, gaining insights into application development processes.

PROJECTS

DIGITAL INVOICE CREATOR (JUN 2024)
- Developed a full-stack application using **React**, **Tailwind CSS, Express,** and **Supabase** to automate invoice creation and management.
- Implemented features to generate unique invoice and customer numbers, dynamically add items, and produce **detailed PDF invoices** with total amounts and payment details.
- Enhanced user experience with intuitive UI design and seamless integration of backend services, ensuring efficient and accurate invoicing for users.

TASK MANAGEMENT SYSTEM (MAY 2024)
- Developed a Task Management System using React, CSS, Express.js, PostgreSQL, Supabase.
- Enhanced user experience and design consistency with delete, create, checked operations.

SKYCAST - AN OPEN SOURCE WEATHER WITH REAL TIME DATA (DEC 2023)
- Developed a responsive web app using **HTML**, **CSS**, and **JavaScript** to display current and **forecasted weather** data from OpenWeather **API** for user-specified locations.
- Enhanced user accessibility and experience by implementing an intuitive search functionality and a **5-day weather forecast** feature.

CERTIFICATIONS

- Introduction to Cybersecurity and Cybersecurity Essentials- Cisco Networking Academy
- Networking Essentials – Cisco Networking Academy
- Version Control - Meta
- Introduction to Artificial Intelligence - IBM
- AI Foundation for Everyone-IBM

ACHIEVEMENTS

- Actively organized various **technical** & **non-technical** events
- Solved **710**+ problems in **Skill Rack** with handle **arikaleeswaran**
- Solved **500**+ problems in **Code Chef** with handle **arikaleeswaran**
- Solved **240**+ problems in **Leet Code** with handle **arikaleeswaran**

SKILLS

Languages: C, Python, Java, JavaScript HTML, MySQL, React.js, Node.js. Express.js, PostgreSQL, Tailwind CSS
Tools and Technologies: Git, GitHub, Figma, Photoshop, VS Code, IntelliJ
